CHANGE OF NAME

Committee on Education and Labor of House of Representatives changed to Committee on Economic and Educational Opportunities of House of Representatives by House Resolution No. 6, One Hundred Fourth Congress, Jan. 4, 1995.

§ 5784. Grants for prevention programs

(a) Purposes

The Administrator may make grants to a State, to be transmitted through the State advisory group to units of general local government that meet the requirements of subsection (b) of this section, for delinquency prevention programs and activities for youth who have had contact with the juvenile justice system or who are likely to have contact with the juvenile justice system, including the provision to children, youth, and families of—

- (1) recreation services;
- (2) tutoring and remedial education;
- (3) assistance in the development of work awareness skills;
- (4) child and adolescent health and mental health services;
- (5) alcohol and substance abuse prevention services;
- (6) leadership development activities; and
- (7) the teaching that people are and should be held accountable for their actions.

(b) Eligibility

The requirements of this subsection are met with respect to a unit of general local government if—

- (1) the unit is in compliance with the requirements of part B of subchapter II of this chapter;
- (2) the unit has submitted to the State advisory group a 3-year plan outlining the unit's local front end plans for investment for delinquency prevention and early intervention activities;
- (3) the unit has included in its application to the Administrator for formula grant funds a summary of the 3-year plan described in paragraph (2);

(4) pursuant to its 3-year plan, the unit has appointed a local policy board of no fewer than 15 and no more than 21 members with balanced representation of public agencies and private, nonprofit organizations serving children, youth, and families and business and industry;

(5) the unit has, in order to aid in the prevention of delinquency, included in its application a plan for the coordination of services to at-risk youth and their families, including such programs as nutrition, energy assistance, and housing;

(6) the local policy board is empowered to make all recommendations for distribution of funds and evaluation of activities funded under this subchapter; and

(7) the unit or State has agreed to provide a 50 percent match of the amount of the grant, including the value of in-kind contributions, to fund the activity.

(c) Priority

In considering grant applications under this section, the Administrator shall give priority to applicants that demonstrate ability in—

- (1) plans for service and agency coordination and collaboration including the colocation of services;
- (2) innovative ways to involve the private nonprofit and business sector in delinquency prevention activities; and
- (3) developing or enhancing a statewide subsidy program to local governments that is dedicated to early intervention and delinquency prevention.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 5905, 7135a, 10141, 10155 of this title; title 15 sections 2507, 2705; title 22 section 3203.

§ 5801. Congressional declaration of policy and purpose

(a) Development and utilization of energy sources

The Congress hereby declares that the general welfare and the common defense and security require effective action to develop, and increase the efficiency and reliability of use of, all energy sources to meet the needs of present and future generations, to increase the productivity of the national economy and strengthen its position in regard to international trade, to make the Nation self-sufficient in energy, to advance the goals of restoring, protecting, and enhancing environmental quality, and to assure public health and safety.

(b) Necessity of establishing Energy Research and Development Administration

The Congress finds that, to best achieve these objectives, improve Government operations, and assure the coordinated and effective development of all energy sources, it is necessary to establish an Energy Research and Development Administration to bring together and direct Federal activities relating to research and development on the various sources of energy, to increase the efficiency and reliability in the use of energy, and to carry out the performance of other functions, including but not limited to the Atomic Energy Commission's military and production activities and its general basic research activities. In establishing an Energy Research and Development Administration to achieve these objectives, the Congress intends that all possible sources of energy be developed consistent with warranted priorities.
